

CANVA DESIGN BRIEFS

Prompts and layout direction for product covers and social assets

Brand Direction

- Style: clean, modern, premium, beginner-friendly.
- Colors: charcoal, off-white, deep teal, muted blue-gray.
- Fonts: bold clean sans-serif for titles, readable sans-serif for body.
- Avoid: cartoonish graphics, clutter, overly rounded shapes, cheap “guru” visuals.

Product Cover Prompt

Create a premium digital product cover for “The 7-Day First Client System.” Make it modern, clean, and execution-focused. Use a dark charcoal background, deep teal accents, minimal geometric lines, and strong readable typography. Subtitle: “For builders who can make websites but need a simple path to paid projects.”

Upsell Cover Prompt

Create a premium digital product cover for “Client Closing Kit.” Use the same visual system as the core product. Subtitle: “Call scripts, proposal templates, objection replies, and pricing structure.”

Instagram Carousel Prompt

Create a 7-slide Instagram carousel titled “How to Get Your First Website Project in 7 Days.” Slides: 1 hook, 2 pick one offer, 3 build one demo, 4 send 20 messages, 5 follow up, 6 book a call, 7 CTA to get the full system.

Story Promo Prompt

Create a vertical Instagram Story with the headline: “Can build websites but still not getting paid?” Subtext: “Use the 7-day system to pick an offer, send scripts, and start conversations.” CTA: “Link in bio.”
